

SAME – Charleston Post
Luncheon Meeting Minutes, February 18, 2010

The luncheon meeting started at 11:30 am

Len Dillinger welcomed everyone and led the Pledge of Allegiance.

Ben Morgan gave the invocation.

Nicolle Randazzo explained a little about the scholarship program and the need for a committee.

Len went on to explain the need for a fund raising committee to assist with the golf tournament and the chances of a 50/50 drawing.

A committee is also being formed to manage the Post's money. If anyone has experience investing and would be willing to assist, please let Jeff Messick know.

Len asked for a show of hands of people attending the JETC conference in Atlanta May 4-6. Four Post members will be attending.

Len introduced John Gardner from Multivista Construction Documentation. Multivista visits job sites to take high quality pictures during construction. These are then loaded to their secure website for review. The pictures can be very helpful if the architect/engineer cannot visit the site or if something needs to be reviewed at a later date. They produce progression photos and exact builds. This process has benefits including dispute resolution, LEED documentation, increased quality of work, and schedule.

Thirty-four members were in attendance. The attendance list is maintained by the membership chair, Anna Lucas.
