

Society of American Military Engineers - Charleston Post 2012 Engineering & Construction Camps

The Society of American Military Engineers offers a very unique series of engineering camps designed for High School students who excel in math, science and technical courses and are interested in pursuing engineering in college. These one-week camps are high energy, hands-on events for students from across the country and around the world. The camps are led by a professional staff of engineers from both private industry and the military services. These exciting week-long camps take place during the summer months in a variety of settings.

Each camp has its own unique focus and theme and is a one-of-a-kind opportunity to learn what engineers do from professional engineers, learn practical skills and gain exposure to the military services. Your first step is to determine if you are eligible and then go through the application process for the camp you select. The four camp locations and schedules for 2012 scheduled are:

**U.S. Army
Camp**
June 10-16 Tentative
Vicksburg, Miss.

**U.S. Air Force Academy
Camp**
July 6-12, 2012
Colorado Springs, Colo.

**U.S. Navy Seabees
Camp**
July 22-28, 2012
Port Hueneme, Calif.

NEW for 2012!
**U.S. Marine Corps
Camp**
June 17-23, 2012 Camp
Lejeune, N.C.

2012 Schedule:

January 31: Charleston Post Membership applications deadline

February 29: If not filled by Post Membership, then public application deadline

April 19: Notification to camp recipient
